## THE SONG OF THE PLEIADES

*„The soul’s unfoldment, the legacy of all of the world’s prophets, the kinship of all beings, the greening of inner and outer worlds, the healing of wounds, the honing of integrity, and the music of the spheres: these are the Seven Sisters whose time has come to lead ourselves and our world into a present moment alive with Divine resplendence. In this spring retreat, through discourse, meditation, music, and prayer, we will explore how the rays of these seven stars illuminate the path that leads, step by step, to the fulfillment of life’s purpose.“*
